

Califia Farms is on a mission to create a future where plants replace dairy, without compromise. Headquartered in Los Angeles, Califia produces innovative, healthy, and great-tasting plant-based alternatives to dairy. The brand's wide range of plant milks, creamers, barista products, and brewed-to-blend coffees are made using the highest-quality ingredients from whole food plant sources. Founded in 2010, today Califia is one of the leading plant-based beverage brands in the U.S. and has on-the-ground operations in the U.K., Australia, and Canada with a brand presence in several other countries.
